

Diving Support Barge

SILIDU

Dive Support Barge

The Sili Du dive support barge is a specialized vessel equipped for underwater operations. With its advanced equipment and expertise, the barge provides essential support for dive missions, ensuring safety, efficiency, and precision in subsea exploration, construction, and maintenance tasks.

Main data

GENERAL		CAPACITIES	
IMO:	N/A	Clear deck area:	370 [m ²]
Callsign:	J8B5598	Clear store area:	120 [m ²]
Mmsi:	375189000	Fuel oil:	118 [m ³]
Gross Tonnage:	763 [T]	Fresh water:	127 [m ³]
Net Tonnage:	228 [T]	Water maker capacity:	6 [m ³ /day]
Deadweight:	N/A	Lub oil:	4.8 [m ³]
Light weight/ Displ.:	473 [T] / 870 [T] (at 1.5 [m] draft)	Dirty oil:	4.8 [m ³]
Year of Build:	2017	Flushing water:	56 [m ³]
Place of Build:	Holland Shipyards, Hardinxveld-Giessendam	MACHINERY	
Flag:	St. Vincent and the Grenadines	Generators:	2 x 168 kW Volvo D9
Port of registry:	Kingstown	Hydraulic units:	2 x 368 kW Volvo D13
Owner:	DERMOR Inc.	Thrusters:	2 x Hydro-Armor 4200 HD
ACCOMMODATION		DECK EQUIPMENT (hydraulic)	
• 22 Persons		Anchor winches:	4 x 15T nominal pull 600 [m] x 28 [mm] wire
DIMENSIONS		Working winch:	1 x 30T nominal pull 200 [m] x 32 [mm] wire
Length overall:	38.0 [m]	Karm fork:	50 [T], up to ø 63 [mm]
Beam:	17.0 [m]	Telescopic crane:	120 [tm], 5 [T] at 15 [m]
Max draft:	1.5 [m] (2.2 [m] with thrusters)
